IMSE IMPACT STRUCTURED LITERACY PROFESSIONAL DEVELOPMENT

Comprehensive Orton-Gillingham Plus (OG+) Training (30 Hours)

EVERY CHILD SHOULD BE ABLE TO READ

IMSE educates and engages teachers on Structured Literacy, enabling them to immediately impact students' reading abilities at all levels through programs based on the Science of Reading and incorporating the Orton-Gillingham methodology and all five pillars of literacy. These components include:

- **Phonological Awareness** – the awareness that words are composed of sounds and those sounds have distinct articulatory features
- **Phonics** – the ability to recognize letter-sound relationships in words
- **Fluency** – the ability to read with speed, accuracy, and proper expression
- **Vocabulary** – size and word-meaning strategies predict comprehension
- **Comprehension** – understanding the meaning of text and integrating it with previous knowledge

IMSE's IDA-accredited programs deliver measurable growth for all students, enabling equity in literacy learning. All IMSE trainers have a minimum of a master's degree in an education field of study, have taught Orton-Gillingham and other Structured Literacy programs in the classroom, are CERI certified and are licensed educators.

In addition to individual, school-wide, and district-wide teacher training, the IMSE team can educate district trainers to become certified IMSE instructors, empowered to bring Structured Literacy to the entire district. By making literacy education about imparting knowledge, not just teaching content, IMSE's impact is felt beyond reading growth to create a culture of literacy.

Our Mission

"All children must have the ability to read to fully realize their potential. We are committed to providing teachers with the knowledge and tools to deliver proven literacy education to students of all ages and abilities."

IMSE IMPACT COMPREHENSIVE ORTON-GILLINGHAM PLUS TRAINING

IMSE Impact Comprehensive Orton-Gillingham Plus Training is a 30-hour course geared towards the foundational literacy skills that all early learners need and primarily focuses on:

- Phonological Awareness

IMSE IMPACT ASYNCHRONOUS PHONOLOGICAL AWARENESS TRAINING

IMSE Impact PA Training is offered in an asynchronous version. The IMSE Phonological Awareness Asynchronous Course is a hands-on, interactive class delivered digitally to your imse.com profile. Teachers will learn to evaluate students in alphabet awareness, including letter recognition and sound recognition. Please note that while the training itself is delivered digitally, physical materials will be delivered to participants so they can complete the course.

Participants must take and pass a quiz accessible through their imse.com account via the 'My Trainings' tab to receive a certificate of achievement for this course. Participants will receive two opportunities to take the quiz. If, after two attempts, the quiz is failed, please contact IMSE for the next steps.

In addition to the IMSE materials that will be mailed to you, you will need:

- *Computer with camera and sound (cellphones and tablets are not recommended)*
- *3-4 highlighters*
- *Sticky notes*

Take Your IMSE Training to the Next Level

IMSE IMPACT ORTON-GILLINGHAM CERTIFICATION

IMSE offers OG Certification to participants who are confident in using IMSE's Orton-Gillingham methodology. Participants ready to take their understanding and practice of the methodology to the next level can apply for the 50-hour practicum. Enrollment for this opportunity must be within 15 months of completing the Comprehensive Training during IMSE's open enrollment period: 8/1-9/30.

IMSE DISTRICT TRAINER

The possibilities for your district are endless with an on-staff IMSE District Trainer. Your school district is responsible for choosing a potential candidate that is considered the elite in your district and who has experience training, leading, and mentoring teachers.

IMSE will conduct interviews that include references for the Trainer Candidate. IMSE will determine whether or not the Trainer Candidate is eligible to go through the training phases.

There are many educational and financial benefits for a school district to have a qualified IMSE Master Instructor on staff. These include:

- *Making a long-term investment in educators and students*
- *Ensuring program fidelity and accuracy*
- *Mentoring fellow teachers who have been IMSE OG trained*
- *Becoming an IMSE OG accredited school district*
- *Having an IMSE Master Instructor on staff for IEP meetings*
- *Receiving reduced rates for future trainings*
- *Having a Practicum Supervisor on staff*
- *Providing refresher and consultations on-site free of charge*
